Date: 13.02.2020

On 13.02.2020 the consultative meeting was held with all staff regarding the process of self evaluation of the study program. Staff provided their feedback regarding the performance of the program against the main standards of quality as set out in the KAA Manual and their feedback is reflected in the following SWOT analysis:

Mission of the program	Strengths	Weaknesses
	The program is able to create leaders of the future The program has been able to inspire sustainability culture with students	Better promotion of the mission Implementation of practical work with private sector;
	Opportunities The construction sector is the most profitable sector in Kosovo and access to the market is very easy Creation of construction managers an opportunity for construction sector	Threats Lack of laws that allows for better implementation of the mission especially sustainability part
Quality management	Strengths	Weaknesses
	Comprehensive quality management takes into account the voice of students, staff, industry and graduates Corrective action is to be pursued	Program evaluation is only in English and should be placed online;
	Opportunities Mid-semester course evaluations to be included; Program evaluation to be done every semester not in the end of the year	Threats Students may hesitate to complete feedback very frequently;
