Development plan for achievement of program learning outcomes

Based on the Program Learning Outcomes Achievement Review that was drawn from the Learning Outcomes Self Assessment Forms filled by each course bearer and based on the quality improvement plan for achievement of program learning outcomes, the Department of Real Estate has drawn the following development plan for achievement of program learning outcomes:

1. Publish analysis of real estate laws with commentaries;
2. Add research in every course as a requirement;
3. Adapt the learning outcome of how architectural designs add value to real estate to real estate management field;
4. Increase the number of site visits and invite more guest speakers from the private sector;
5. Increase the number of memoranda of cooperation with private sector firms;
6. Develop the ICO embodied energy and CO2 study for Kosovo building materials;
7. Develop Monte Carlo simulation skills of students in several disciplines all at once;
8. Conduct specialised properties valuations for real;

IMPLEMENTATION PLAN

1. Publication of real estate laws compilation under the umbrella of ESLG-UBT-NOVA UNIVERZA as a joint publication;
2. Positive reinforcement of students who perform exemplary research within courses and publish those manuscripts in various SCOPUS indexed journals as a joint work of students and professors;
3. Organize a joint symposium between architects and real estate appraisers and see which are main aspects of architectural designs and sustainability add value to real estate prices in Kosovo;
4. Program outreach to various private sector firms and promotion of the need of students to have guest speakers and site visits;
5. Raise funds from EU Office and other donors to conduct a study on embodied energy and carbon of building materials in Kosovo similar to that of University of Bath;
6. Sign memoranda of understanding with hotel owners to allow students to conduct real hotel valuations based on real data and not hypothetical data;
