RECOMMENDATION

<i>Program Learning Outcome</i>		<i>DATES FOR IMPLEMENTATION</i>	<i>PERSONS RESPONSIBLE</i>
Understand laws, rules and regulations of the real estate industry and apply them in practice.	It is recommended that the professor writes an electronic library which would explain clearly which are the laws and which area they regulate. It is also recommended that a written assignment is added on the topic "Analysis of real estate laws in Kosovo".	30.12.2019-30.09.2020	Dr. Christian Seidel
Learn how to produce publishable manuscripts for research journals in the thematic areas of the program;	Add further lectures and include research in curriculum for every course so this is strengthened during the whole study cycle.	30.12.2019 -30.03.2020	Academic Council approval
Describe how architectural designs, sustainable buildings, and sustainable urban development can add value to real estate by saving energy.	It is recommended that this program learning outcome is adapted to the real estate management program.	30.12.2019 -30.09.2020	Prof. Dr. Visar Hoxha (for valuation part) Dr. Elvida Pallaska (for architectural part).
Understand different forms of sustainable urban development and design	Guest speakers from the city planning department of Prishtina and from Institute of Spatial Planning of Kosovo.	30.12.2019-30.09.2020	Jehona Hoxha
Apply sustainable FM best practices to existing buildings in Kosovo	Recommended to increase the site visits instead of case study class discussions.	30.12.2019-30.03.2020	Prof. Dr. Visar Hoxha, Besnik Vrella, Department of Engineering of the Ministry of Public Administration of Republic of Kosovo
